The SDG Watch is compiled by the Philippine Statistics Authority
as the official repository of SDG indicators in the Philippines per PSA Board Resolution No. 09 Series of 2017.
More statistical information on the Philippine SDGs can be accessed at http://psa.gov.ph/sdg.

## NOTES:

3/

\* 1 if the country satisfies the requirement of the indicator, 0 otherwise

r Revised data

p Preliminary data

1/ Updates/revisions were based on the ILO statistics database in March 2022. Further, this is based on the ILO model-based estimates

2/ Revised/updated based on the following: a) rebasing of the Consumer Price Index (CPI) market basket of prices from 2006 to 2012; b) adoption of the 2015 Census of Population (PopCen) results for the weights in the merged FIES-LFS; c) updated urban-rural classification; and d) the availability of the final 2018 Family Income and Expenditure Survey (FIES).

Special computation made by the PSA Technical Staff using the Merged Family Income and Expenditure Survey-Labor Force Survey (FIES-LFS) and the Official Poverty Thresholds.

4/ Updates were based on submission of DepEd in March 2022.

5/ Estimation of this sub-indicator only started in SY 2016-2017

6/ Data Includes natural and human-induced disaster.

7/ This is limited to Conditional Cash Transfer budget only and does not refer to the expenditure.

Based on the preliminary 2030 nationally determined numerical targets for the SDGs through the conducted consultation and validation workshops with both government and non-government stakeholders of NEDA, in partnership with PIDS.
